WHY CHOOSE US?

AND WHY CHOOSE DERBY?

Derby is a city shaped by over two millennia of remarkable stories — from Roman forts and Saxon settlements to Georgian innovation, Victorian industry, and world-changing inventions. Hidden in its streets are tales of rebels, risk-takers, pioneers, scandals, and extraordinary characters who helped shape the world around them. Our walks bring this history to life in a way that's vivid, surprising, and unforgettable. It's the Derby you never knew existed - and your team will love discovering it.

NO MORE DRY HISTORY

REAL STORIES - REAL DERBY

We believe that history should never feel dull, dusty, or difficult to engage with. Derby's past is bursting with energy - full of characters, conflicts, inventions, scandals, triumphs, and turning points that shaped not only the city, but the world. Our approach is simple: we take these incredible real stories and bring them to life in a way that is enjoyable, accessible, and genuinely entertaining for everyone.

We don't deliver history as a lecture. We bring history to life, keeping it engaging and easy to follow. We focus on storytelling - the kind that captures your imagination, makes you laugh, makes you think, and makes you say, "I never knew that!" Every walk is designed to be engaging, lively, and full of surprises, whether your team has lived in Derby all their lives or only arrived last week.

We understand that the best way to share history is through connection and emotion. We know when to add humour, when to build suspense, and when to reveal an unexpected twist. This means your team won't just learn about Derby's past - they'll feel it. They'll walk the same streets as historical figures, stand where dramatic events unfolded, and gain a new appreciation for the extraordinary stories hidden behind the places they might otherwise simply pass by every day without awareness.

We also tailor our delivery to suit modern audiences. People are busy. Attention spans are shorter. And teams need activities that energise, not drain them. That's why our walks are engaging, conversational, and paced to keep people engaged from start to finish.

Most importantly, our approach is rooted in accuracy and authenticity. Every story we tell is historically sourced and thoroughly researched. We don't exaggerate or invent - Derby's real history is exciting enough. What we do is present it with enthusiasm, clarity, and a sense of adventure, turning factual events into stories that spark curiosity and inspire conversation long after the walk ends.

Whether your goal is team bonding, wellbeing, client engagement, or simply trying something different, our fun and dynamic approach to history ensures your team will enjoy an experience unlike anything else in the city. Derby's past is incredible - and we can't wait to share it with you.

WHO WE ARE

GENUINELY LOCAL AND 100% AUTHENTIC

Derby Uncovered were founded in 2023 with the avowed goal of championing the very best of Derby and Derbyshire.

We're not just guides or storytellers; we are everyday people who have grown up in, worked in, and fallen in love with Derby. Every walk, talk, and project we create comes from a genuine connection to the city, and one of our goals is to make that history come alive for everyone who joins us.

We take pride in being authentic. We don't rely on myths, clichés, or exaggerated tales. Every story we share is carefully researched and told with honesty and enthusiasm. We want visitors and locals alike to feel like they are discovering Derby with friends, rather than following a script. This approach helps make our tours, walks, and history experiences engaging, memorable, and truly unique.

At Derby Uncovered, we believe that history is not just something found in books or museums - it's part of the streets, buildings, and people around us. By connecting visitors with the real stories behind Derby's landmarks and hidden corners, we aim to spark curiosity, civic pride, and a deeper understanding of our city. We are committed to keeping Derby's history alive in a way that is accessible, enjoyable, and completely authentic.

The stories of Derby, its streets, buildings, and past lives, are part of everyone who lives in, visits, or cares about the city. Our role is simply to uncover, share, and celebrate these stories, helping people connect with the rich heritage that surrounds them every day. By making history accessible and engaging, we aim to empower people to see themselves as part of Derby's ongoing story.

In short, Derby Uncovered are local, genuine, and passionate - we're real people sharing real stories about the city we love.
